Subject: Uungula Wind Farm – Revised staging request

Dear Mrs Somerville,

I refer to your submission dated 31 July 2026, seeking the Planning Secretary's approval to revise the staging of the project as required by Schedule 3, Condition C3 of the development consent for Uungula Wind Farm (SSD-6687). I also acknowledge your response to the Department's request for additional information.

On 15 March 2022, approval was granted by the Planning Secretary (PA-3) to develop the project in two distinct stages, being:

- Stage 1: Wind farm and associated infrastructure, except for the battery storage facility; and
- Stage 2: Battery storage facility.

Your current request is for the following revised staging of the Final Layout Plan:

- Stage 1a: Construction of the wind farm in accordance with the preliminary design, submitted in November 2023 (PA-19); and
- Stage 1b: Construction of the wind farm in accordance with the detailed design.

Accordingly, as nominee of the Planning Secretary, I approve the revised staging of the Final Layout Plan under Schedule 3, Condition C3, as detailed above.

If you wish to discuss the matter further, please contact Katie Weekes on 4927 3223.

Yours sincerely,

Nicole Brewer
Director
Energy Assessments
As nominee of the Planning Secretary
